Sir,

We have the honour to advise that we recently approached the Municipality with a request to exempt us from the water-rate at present charged on our mill buildings at 3% of their letting value, since the Municipality have so far made no arrangement for connecting us with the municipal mains. In reply they tell us that present rate of 3% has been fixed after taking the absence of water connection in view, and that the tax represents the amount payable to the Water-Works Department.

We submit that the present levy seems wrong in principle, as our Mills have made their own arrangement for supply of water, and do not take even a gallon from the municipal mains. We request you will be so good as to look into this, and charge the municipality to exempt us from the present tax.

We have the honour to be

Dear sir,

We beg to acknowledge receipt of your letter No L 1178/
ML 266-28-5 of the 13th instant, informing us that the Municipal Council
have resolved to exempt us from the usual water rate as they have not made
arrangements for connecting the Mills with Municipal mains. We are very
grateful to you for interesting your good self in this matter, and securing
us redress, for which we once again thank you.

We may here mention that since the Municipality has begun
to assess our Mills in 1927-28, they have imposed a water rate of 3% of our
rental value although we duly brought to their notice that we should not be
levied same in the absence of water connection to our Mills. In this manner
we have paid as water rate

Rs 900/- for the full year 1927-28, on 30-4-28
,, 450/- for half year 1928-29, (1st), on 4-10-28
,, 450/- for half year 1928-29, (2nd), on 7-2-29

in all Rs 1,800/- Since the Municipal Council have agreed that water rate
should not be levied, we beg to request that you will be so good as to re-
commend a refund of the above amount, for which purpose we are addressing
the Municipal Commissioner

~~The~~ President,

B a n g a l o r e

Sir,

No 10157 (Rev)

we have the honour to acknowledge receipt of your letter of the 26th stating that the Council's resolution giving water rate in our case cannot have retrospective effect, and that previous collections by the Municipality on this head, viz for 1927-28 and 1928-29, cannot therefore be refunded

we submit that, when we asked for the refund, we were not claiming it as following out of your Council's resolution. We merely argued that, since your Council are good enough to concede that it is wrong to charge us water rate in the peculiar circumstances of our case, it was wrong of the Municipality to ^{have} collected water rate for the above years. An act done under the sanction of the Municipality, which the Municipality now accepts it as wrong, should be a ^{which,} ~~scandalous~~ ^{scandalous} one because the Municipality is a continuous institution. Such a institution will not acquiesce in past acts, if not arbitrary, have at least been accepted as wrong in principle, and we submit that this is the principle on which you will be so good as to refund to us the amounts wrongly collected.

Finally we would add that we had raised our objection every time the water rate was collected from us
